

“I AM” VALENTINE'S DAY CARDS

Create an affirmation card for yourself or a greeting card for someone and fill it with heartfelt messages!

- 1 Print out page 2 for one card or print twice to make two cards. Cut out the hearts. Write what you love about yourself and others on the hearts and fold each heart in half.
- 2 Print out pages 3 and 4. Fold the card in half so the title is on the front. Tape or glue your hearts to the front of the card and draw lines to make a heart bouquet or arrange them any way you like.
- 3 Add personalized messages inside the card and give them to family, friends, or teachers.
