Which Letter is Missing?

November

By now your child should be able to arrange a sequence of letters to make his/her name. Using the letter boxes below, have your child show you. Be sure to have your child name the letters as she/he gets them in order.

This game is called "Which letter is missing?"

- In the boxes below, write only the letters in your child's name.
- Cut the boxes apart and mix up them up.
- Have your child put them back in order while naming the letters.
- Remove one of the letters while your child's eyes are closed.
- Ask your child to name the letter that was taken.

Be sure to take turns so your child has a turn to remove the letter.
