Passion Project

Proposal

Your Topic

Tell me about your passion. Be sure to narrow it down to something specific... as specific as you can be. This will help *focus* your written piece & speech.

Part One: The Research

For any good research project, we have to have some driving *questions* or *topics*. What are yours? (These can be changed, they are not final!)

- 1.
- 2.
- 3.

Part Two: The Writing

All written pieces need to have some direction. Usually, we do this by identifying the task, purpose, and audience. What are yours?

Task: _____

Purpose: _____

Audience: _____

**Remember, your written piece will become your speech. The audience is who will be listening...*

Part Three: The Speech

Our speech will be *memorized* & *presented* in an engaging way. Visuals will be added to interest the audience. What ideas do you have for visuals that would enhance your speech? (presentations, photographs, posters, etc.)
