

Les Formes 2D

French "Write the Room" activity
with 2D shapes

.....
Mademoiselle
Coccinelle

Write the Room / Écris la Salle de Classe

Je peux écrire les formes 2D !

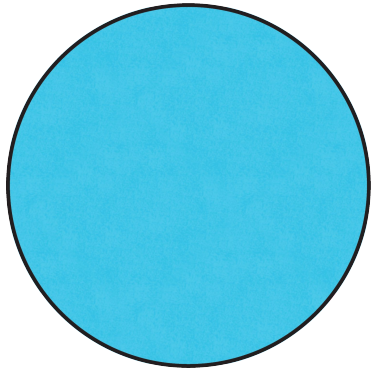

Teacher: Hides the (9) vocabulary cards around the classroom when students are not in the room. Be creative when hiding the cards --- try hiding one under a table!

Hint: This activity works best if students do not have time to look around the classroom for an extended period of time before starting this activity.

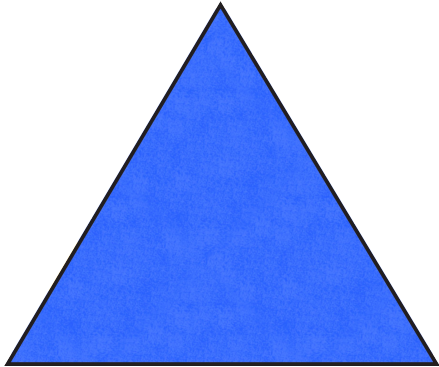

Students: Go around the room looking for vocabulary cards. When they find one, they must write the word of the picture.

Hint: Give students clipboards so that they can write easily.

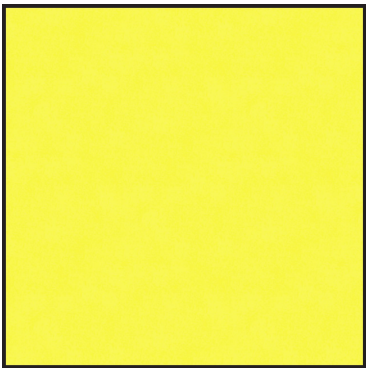

Extension: Students must trace their steps to find the vocabulary cards a second time, and colour them as they are on the cards (i.e., colour the pumpkin orange)

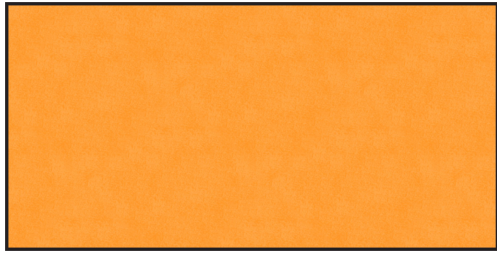

cercle

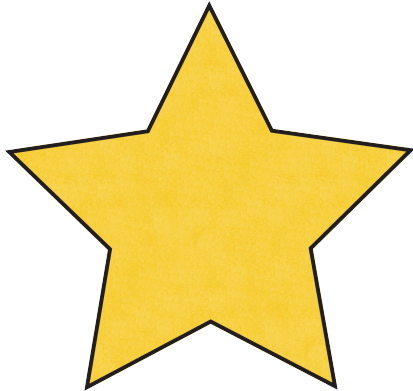

triangle

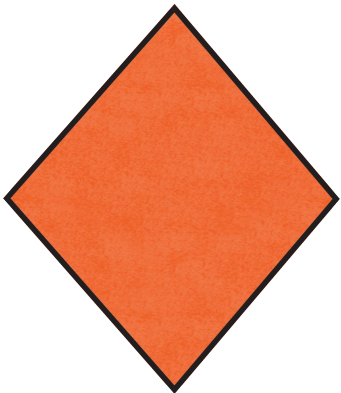

carré

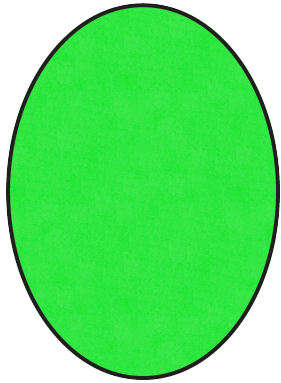

rectangle

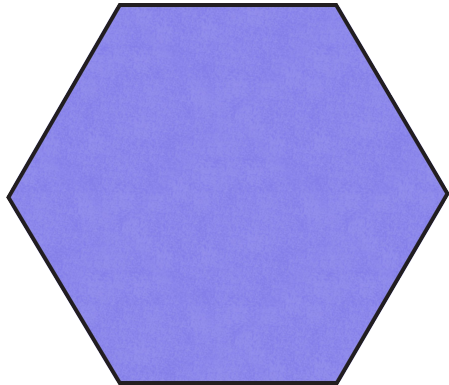

étoile

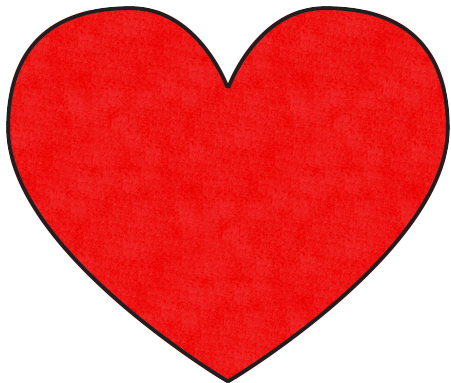

diamant

ovale

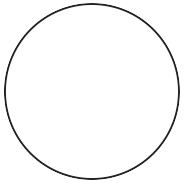

hexagone

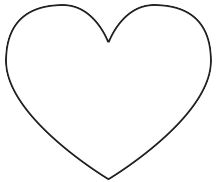

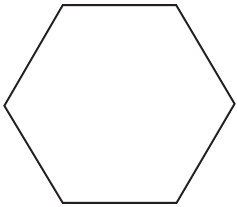

coeur

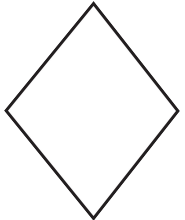

Nom: _____

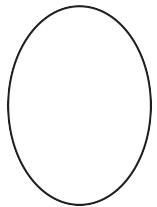

Je sais les formes 2D !
