

Monday	Tuesday	Wednesday	Thursday	Friday - Pre-Father's Day
<p>*Shhh!! TOP SECRET. Ryan & Nazli are leaving Inman. Please write a kind note or draw a picture for Ryan & Nazli (separately) as a farewell note! Email me or upload on your Private Teams for submission before Friday. Merci!</p>				
<p>Teams w/ Mme Chin 10:00-10:20am Sound of the week /ui/</p>	<p>Teams w/ Ms. Nordstrand 10-10:30am Div 14 Music session</p>	<p>SEL - A Kind Note Write a kind note and draw a picture for someone you miss during Social Distancing.</p>	<p>SEL – Helping others Let’s thank our family by doing a TOP SECRET chore around the house (ex. clearing the table without being asked, wiping the counters, doing dishes) See if anyone notices.</p>	<p>DPA - Outdoor Play Ask your dad what he wants to play. Daddy’s choice! Or if Daddy needs a break, he can nominate another family member to choose an outdoor activity to play!</p> <p>Father’s Day Surprise Planning Remember everything you learned about giving compliments, writing a kind note, doing a top secret chore and create a secret special plan for your dad for Father’s Day this weekend!! Shh...keep it a surprise! (Mommies, help out with this!</p>
	<p>SEL – Giving compliments What is a compliment? What does it sound like, look like? Give a compliment to someone today. See if you can brighten their day with some simple kind words. Can you give a compliment to everyone in your family today?</p>			
<p>Math – Problem Solving Find a collection of objects in your home/school (ask an adult first), then sort the items into three piles. Large, medium, small. How do you know which pile to put each item in? What was your sorting rule?</p> <p>*Challenge: can you think of more piles to</p>	<p>Math – Problem Solving Do you have a favourite number? Can you build me that number using materials? Can you make a math question using your favourite number? Practice your counting in French & English.</p> <p>*Challenge: Can you make a math question with your favourite number as the answer?</p>	<p>Math – Problem solving How many groups of 10s are in the number 70. Are there any ‘ones’ left over? How about in the number 38? How about in the number 56? How many ‘tens’ and how many ‘ones’ in the number 24? BONUS: How many hundreds/tens/ones in the number 679?</p> <p>*In French, ‘ones’ = les unités</p>	<p>Math – Math game Using a timer, play this game: “How Many in a Minute?” – How many times can you clap in one minute? Estimate first, then try! Practice your counting in French & English.</p> <p>*Challenge: Countdown within a minute! Can you try counting backwards from 100 to 0 before the minute is up?</p>	<p>Outdoor Math – Tally counting Choose an object to count outside. Practice tally marking your object with the tally symbols. Learn how to tally count.</p> 

sort your objects? (ex. Gigantic, Extra-large, extra-small, teeny-tiny, etc)		'tens' = les dizaines 'hundreds' = les centaines		
Story workshop (Part 1) Father's Day story -Build a story where your dad is the main character. Where is your dad? What does he do? What problem does your dad encounter? How does your dad solve the problem? *Share this story with your dad! You can share it right away or keep it as a surprise for Father's Day!	Story workshop (Part 2) Write out your story *Share this story with your dad! You can share it right away or keep it as a surprise for Father's Day!	Sound of the week *refer to /ui/ worksheet	Father's Day Write *refer to template	Teams w/ Mme Chin! 3-3:15pm Small group A Make sure to check TEAMS to practice your story beforehand!
				3:15-3:30 Small group B Make sure to check TEAMS to practice your story beforehand!
				3:30-3:45 Small group D Make sure to check TEAMS to practice your story beforehand!
