

Morning message:

Good Morning everyone. I really enjoyed seeing you all yesterday. I hope you had fun making your own magazine file yesterday. I can't wait to see our show and tell with Kash this afternoon.

Today's Inspiration:

Daily 3 (Don't forget a timer will help your child move from one activity to the next)

This week I'm choosing the jobs for you, but next week you will choose yourself.

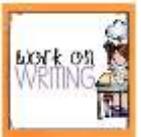

- Sign in to [Raz Kids](#) and **read** your assigned book. If you have already done so, please choose another book to read.

Remember the Login: MsCottrell

Password: bunny icon

- Choose a [word work](#) activity--you can find a [word wall](#) here to help you with your activity—remember you don't have to print the page, just use a blank paper. Please remember to 'date stamp' it!!

- Grab a sheet of paper (or use the back of the paper you used for word work) and work on your writing. Don't forget to use our [word wall](#) for sight words, and our spelling strategy of beginning sound _____ ending sound for unknown words. Don't forget the date.

***Social Studies**

In our classroom we have class jobs each week. This is the way we contribute to our classroom community. We are each responsible for being the yoga leader, the table wiper, the librarian, the mess monitor, the special messenger...What jobs do you do around your house? What are your responsibilities in your family?

Think about what you do to contribute to your family community...then sign on to [Bookflix](#) and listen to the story "We Are Citizens". (You will need your BPL library card and PIN number to sign in.)

After reading the story, take a few minutes to click on the 'Puzzlers' on the left side of the screen—can you answer all the questions about the story?

Yoga

Check out the yoga ideas above or be your own Yoga leader and relax yourself through the yoga poses you remember from class.

Can you relax your way to your special place without me guiding you? Remember...watching for the cloud above you...floating up until you're resting on the cloud...enjoy this time of stillness.

11:00

***Math**

Today we are going on a math scavenger hunt!

We are going to work on measuring the **length** of objects by **comparing** them to a 'new' pencil. Find a new pencil (one that hasn't yet been sharpened is the best)—then you can begin your scavenger hunt.

You are looking for 2 items that are **longer** than your pencil. Make sure you place the end of both items together to measure them—we call that the **baseline**.

Next you are looking for 2 items that are **shorter** than your pencil. Line them up using your **baseline** to make sure.

Finally, the most challenging—find 2 items that are **about the same length** as your pencil.

Now you need to display all your items from **longest** to **shortest**, take a photo and send it to me.

11:30

Library

Go to your own personal library—which 2 books would you like to 'check out' today? Choose them and take them to a quiet place—I recommend building a blanket fort (but ask your grown up first!). Snuggle in and enjoy your books. Don't forget to clean up your reading mess, return the books to your library and practice folding that blanket—remember to ask for help if you need it (4 hands are better than 2).
