

Morning message:

Good Morning Division 9. I hope you are all excited about our cooking lesson this afternoon. Did you practice capacity yesterday for math? I think I will need your help for the recipe today...It asks for 3 bananas...but that's too many for just me! I only want to make 1 banana. Any ideas?

<p>1:30</p>	<p>*Special Projects</p> <p>Check out the Special Project Page . You are going to be doing some Canadian Animal Research—and we need to start by thinking about which animal you would like to learn more about. You might have been inspired yesterday by an animal you saw while outside (or gazing out your window) or you might want to check out the Non Fiction titles under Animals & Nature on BookFlix (e.g. bears, pigs, spiders, ladybugs...) and the Canadian Animals on our Library Catalogue site.</p> <p>If you've made your choice, you can look at the book we are going to use to record our information (don't worry—I will show you how to make a book without a printer!! It will be awesome!). If you still can't decide, don't worry, you'll have more time on Friday...</p>

2:00	Games & Choices How did the Lego challenge go on Monday? Maybe you are still working on it. Was it easy or hard to make something with exactly 100 pieces? What counting strategy did you use to count such a large number? Did you group the pieces by 5's or 10's? Do you have a Games & Choices challenge for your friends? Email me your ideas and I'll choose one each day...
