

Roll and Cover Addition & Subtraction Games

$$4 + 6 = 10$$

$$5 - 3 = 2$$

$$6 + 1 = 7$$

From Herding Kats in Kindergarten

Roll and Cover Games

This game can be played by one or two players.

Materials: Laminated game board, two dice and two-color counters.

Addition:

1. Players take turns rolling the dice and adding them together, if the sum is uncovered they place a token on it.
2. The winner is the player with the most sums covered at the end of the game.

Subtraction:

1. Players take turns rolling two dice and subtracting the smaller number from the larger number. If the difference is uncovered they may place a token on it.
2. The winner is the player with the most differences covered.
