

Morning message:

Welcome back. I hope you all had a great weekend. The weather was lovely! I spent some time signing you all up for Epic! It's another source of books. You can check out the class website for more information. I will see you for poem writing today.

Monday
May 11th

Today's Inspiration:

8:55

Gym Inside or Outside today???

INSIDE:

Check out the [Resources](#) page (look under Physical Health & Education) on our website for the dances we do inside our classroom when the gym is closed. They are all available on YouTube!

OUTSIDE:

Grab your skipping rope, a soccer ball or your bicycle and head outside to enjoy some exercise—If we were at school, we would continue to practice our skipping for the Jump Rope for Heart event...so skip away. If you're looking for a skipping challenge check out the image below...

Double Side Swing & Jump

1. Swing the rope to your right side.
2. Swing the rope to your left side.
3. As the rope comes down on the third turn, spread your hands apart and jump over the rope.

9:30

Drama—Creating A Storytime Basket

Collect any puppets, Lego figures, tiny items, plastic animals, and put them in a basket...

Can you **retell** your favourite story using props you find around your house?

10:00

I Can Write

Show & Tell: Damian

Poetry Writing—bring a pencil, paper or writing book, and your ideas...

10:30 *Recess*

10:45 **D.E.A.R. (Read to Self)**
Find some books, a quiet spot, and read to yourself for 15 minutes. Do you have some 'reading' glasses or finger eyeballs to read with?

11:00 ***Math**
Today I want you to get out your floor plan from either your bedroom or your dream bedroom. You are going to construct a model of your bedroom.
You might use Lego, you might build it in a shoe box using recyclable materials or you might come up with your own idea. Be creative!

12:00 *Lunch*

1:00 **Art & Math**
Can you create your own fish tank full of fish? I found these instructions on how to draw a fish using geometric shapes...and since we are learning about shapes in Math right now, I thought it might be fun...
You can use whatever materials you like to create your fish tank.

- Crayons
- Sharpies (careful!!)
- Markers
- Pencil crayons
- Water colour paints

draw a fish

Games & Choices Challenge

Growing Things

This week we are going to combine science, math, and writing. I was inspired to find something after Theo S. and Abigail mentioned their gardens...

This challenge invites us to use our green thumbs and grow something inside our homes. I like the idea that we can grow our own food.

Do you have any seed packages laying around in a drawer? Some dirt? Some plastic containers?

Or maybe you have a carrot top in the fridge that you can use or an avocado pit???

So many ideas!

Thanks to the Richmond School District for this project.

Happy growing!
