<p>11:30</p>	<p>Math</p> <p>Today for math we are going to make a 'Shape' pizza. If we were at school, we would use the shapes in the diagram below—but I think we can be more creative than that! So...use whatever shapes you like. If you don't have any coloured paper—you can use crayons to make some—or cut your shapes out of magazines! Start with a large circle for the 'crust' then have fun adding your toppings! I wonder what kind of pizza you will make?</p>
