

Interview With Missy and Pasha Lechner

Missy Lechner
(AKA The Daydreamer)

How did you come to live with Amy? Ever since Amy's cat died her parents had said she could have a new one. When Amy saw me she wanted me right away. During the car ride home I peed because I was so excited.

How did you get your name? Even before I was adopted, Amy had a long list of cat names. But my shelter name was Missy, which Amy thought was the perfect name because that was the name of her favourite dance teacher.

Does Amy take good care of you? Yes! She always makes time for me, because she knows I can never get enough attention. She always says, "Petting Missy gives me ideas, so whenever I do homework I have to pet her." /

Are you friends with Pasha? We are distant friends. He knows if he gets too close I will swat him, so he prefers to stay away. I may not be too nice to him, but a girl needs her space! I do hope Pasha understands.

Would you vote Amy to be Mini-Brain? I would definitely vote for Amy. She has a heart of gold and makes good decisions. She is trustworthy and kind and wouldn't hurt a fly. Actually, she is afraid of flies, and she would probably run away if she saw one.

Pasha Lechner
(AKA The Star Gazer)

How did you come to live with Amy? My childhood was not the best. Even though I was aggressive, Amy and her family wanted me. They saw hope in me and knew I had potential. Now I am much happier and very friendly.

How did you get your name? My name is a mix of *Peter* and *Sharon* which are the names of Amy's grandparents. It is also a Russian name and is the title of a Turkish officer of high rank.

Does Amy take good care of you? Yes! She pets me and takes me outside to play. Usually she ends up running around more than I do, because I get hungry and start begging for food.

Are you friends with Missy? She is a very pretty cat but if you step past her comfort zone she attacks you and then runs away. Of course, I am a dog. She loves humans, and will do anything for their attention.

Would you vote Amy to be Mini-Brain? I especially like Amy because she supplies food. In fact, I heard she will put a bowl of candy in the classroom every Friday. If you vote for Amy it will be one of the smartest decisions you make in your life.
