

Sort 13 Pink Group Explanation

We are continuing to learn about syllable patterns.

This sort highlights:

2 syllable words with a short vowel sound in the first syllable (VCCV)

-double letters (short vowel sound in first syllable) ex. funny

-different consonants in the middle of the word ex. After

2 syllable words with a long vowel sound in the first syllable (VCV) ex. Water

Oddball words are: **problem** (syllables are not divided between the two consonants) and **only** (long vowel sound in VCCV word)
