

This week we are continuing to learn about 2 syllable words.

**It is important this week to identify the 2 different syllables of the words we will be sorting.**

Each syllable will have a specific sequence of letters which determines where to separate the word.

RULES:

1. The first syllable will end with VCC; second syllable begins with CV ie. athlete
2. The first syllable will end with VC; second syllable begins with CCV ie. Pilgrim
3. Syllables are separated between the two vowels V/V ie. Poet

The oddball word is **cruel** as it is pronounced as one syllable.

Hope this helps,

Dianne
