

Color Template

To determine the color of a rod, place the rod on the rectangle above of the same length.

Students that are color blind may not be able to distinguish between various rods (depending on their type of color blindness). This mat can be used by color-blind students or students that are struggling with color names. The rods above are printed at the same scale as cuisenaire rods. Please set your printing setting to "actual size" and verify the scale before use.
