

***Lab Safety Project*****Assignment**

- You will need to draw a lab situation where there are six (6) safety hazards which need to be clearly labeled and identified with the proper safety rules.

**Marks (20 marks)**

- Title (1 mark)
- Creativity & Neatness (13marks)

Wow! A modern Picasso. The lab situation is well draw. It is neat and tidy and there is lots of colour. All the hazards can be clearly seen and the labeling is neat and correct.	13
Pretty good effort in drawing the lab situation. It is neat, and there is a fair amount of colour. The hazards are generally clear, but a little hard to understand. The labeling is neat and correct.	10
Okay effort. The drawing is neat, but it lacks a lot of colour. The hazards are there, but required some effort to understand. The labeling is correct, but needs a bit of work to make it neat and tidy.	8
It is difficult to understand the lab situation. Little effort is put into the drawing. The hazards are difficult to see and understand. The labeling is either messy or is not correct.	6
Just a pencil sketch. Messy and is obvious that little time was spent on the drawing, colouring and labeling.	3

- Labeling of Hazards (6 marks)
