Dear Families,

This week, the most exciting event in our class was the Valentine's Day celebration. The students enthusiastically decorated their bags and delivered their cards and friendship messages. It was wonderful to see them showing appreciation to their peers for the greetings, treats and small gifts they received. A big thank you to parents for helping your child prepare the Valentine cards and sending party food.

There are new uploads on [MS Teams](#), so be sure to login to the new set of photos of your child.

Wishing you a wonderful extended weekend with your family.

Sincerely,
Mrs. Hon
