Dear Families,

Recently, in Social Studies, we explored the traditional art of weaving practiced by Indigenous communities. Through engaging stories and discussions, students gained insight into the process of harvesting wool from animals and the various steps required to prepare it for weaving. Using small cardboard looms, each student practiced the over-and-under weaving technique and showed engagement in this hands-on activity. Furthermore, I want to highlight some exciting events coming up in December (see below).

Sincerely,
Mrs. Hon
