

October 26, 2026

Dear Families,

It has been wonderful to see the students getting to know each other through conversations, group work and other learning activities. Learning begins as soon as students enter the classroom, so I encouraged everyone to arrive on time at 8:55 a.m. to make the most of the learning day. I want to share with you a snapshot of what we have are learning and exploring in the classroom.

In Literacy, students have opportunities to share their learning and are encouraged to participate in group lessons and discussions. They are also developing their reading fluency and writing skills through guided practise. In Math, they have been working on number sequencing and comparisons, and developing an understanding of place value of 2- and 3-digit numbers. Students have also been learning about how matter changes through physical or chemical processes during Science. In Social Studies, they are developing an understanding of their roles and responsibilities as members of the school community.

Below are a few class items to bring to your attention.

Sincerely,
Mrs. Hon

Halloween Morning Parade (Friday October 30)

Classes will gather in the gym for a fun costume parade. Parents may want to send a reusable bag in case your child wants to change out of it during the day such as before or after recess. Please refer to the community email regarding guidelines for appropriate Halloween costumes.

Inside Shoes & Extra Clothes

With colder and rainy weather arriving, please remember to send a pair of indoor shoes to minimize dirt and mud in the classroom. Also, please send a bag of extra clothes to be kept at school if you haven't done so. We've already had a few students who needed a spare clothing item, so having an extra set on hand is very helpful. Thank you for your support!

Library Tuesday

Just a reminder that our story and book exchange time with Ms. Nicoll is on Tuesday, so please return school library books by Tuesday of each week.

**October & November**

Halloween Morning Assembly (Friday October 30)

Photo Retakes (Monday November 16)

Remembrance Day Morning Assembly (Tuesday November 10)

Pro-D Day (Friday November 20) – No school for students

Spirit Day--TBA (Friday November 27)
