

How to home school during this stressful time.

Cuddle up together and read. Take turns reading. Read, read and read! Do a puzzle. Build a fort using blanket, sheets or towels. Set up a tent in the living room. Share photos and memories when you were young. Make some cookies. Cook together. Watch a funny cartoon. Go to the park. Get outside and explore nature. Just spend time together. As it could very well be a time they remember as the best in their lives.
