

Run Away To Mars by Talk

Your color's fading
'Cause I kept you waiting
It's a wild, wild world
And you're a wild, wild girl

Our sun's still shining
But it seems half the size
And it's a wild, wild world out here

Before my time runs out

What If I run away to Mars?
Would you find me in the stars?
Would you miss me in the end
If I run out of oxygen?
When I run away to Mars

Three, two, one, I miss you
I'm sorry, I got issues

What If I run away to Mars?
Would you find me in the stars?
Would you miss me in the end
If I run out of oxygen?
When I run away to Mars

Space Travel

*All aboard our atom rocket,
We're taking off today
For a special little planet
Far beyond the milky way.*

*Put on your helmet, Johnny,
We're shooting past the moon.
If we don't get hit by a meteorite
We might get back by noon.*

Sally Go 'Round The Sun

*Sally go 'round the sun
Sally go 'round the moon
Sally go 'round the chimney top
Every afternoon – boom!*

Rocketman by Elton John

She packed my bags last night, pre-flight
Zero hour, 9 a.m.

And I'm gonna be up in the sky by then
I miss the Earth so much, I miss my wife
It's lonely out in space
On such a timeless flight

and I think it's gonna be a long, long time
(Ooh) 'til touchdown brings me 'round again to find
(Ooh) I'm not the man they think I am at home
Oh, no, no, no (ah)
I'm a rocket man
Rocket man burnin' out his fuse up here alone

and I think it's gonna be a long, long time
(Ooh) 'til touchdown brings me 'round here to find
(Ooh) I'm not the man they think I am at home
Oh, no, no, no (ah)
I'm a rocket man
Rocket man burnin' out his fuse up here alone

And I think it's gonna be a long, long time
And I think it's gonna be a long, long time
And I think it's gonna be a long, long time
And I think it's gonna be a long, long time

Ground Control to Major Tom

Ground Control to Major Tom

Take your protein pills and put your helmet on

Ground Control to Major Tom (ten, nine, eight, seven, six)

Commencing countdown, engines on (five, four, three, two)

Check ignition and may God's love be with you (one, lift off)

This is Ground Control to Major Tom

You've really made the grade

And the papers want to know whose shirts you wear

Now it's time to leave the capsule if you dare

This is Major Tom to Ground Control

I'm stepping through the door

And I'm floating in a most peculiar way

And the stars look very different today

For here

Am I sitting in a tin can

Far above the world

Planet Earth is blue

And there's nothing I can do

ISS – by Chris Hatfield

So sing your song I'm listening
Out where stars are glistening
I can hear your voices bouncing off the moon
If you could see our nation
From the international space station
You'd know why I want to get back soon

Eighteen thousand miles an hour
Fuelled by science and solar power
The oceans racing past
At half a thousand tons
Ninety minutes moon to sun
A bullet can't go half this fast

Pushed back in my seat
Look out my window
There goes home
That ball of shiny blue
Houses everybody anybody ever knew

So sing your song I'm listening
Out where stars are glistening
I can hear your voices bouncing off the moon
If you could see our nation
From the international space station
You'd know why I want to get back soon
You'd know why I want to get back soon
You'd know why I want to get back soon
You'd know why I want to get back soon
You'd know why I want to get back soon

Fly Me To The Moon

Fly me to the moon
Let me play among the stars
And let me see what spring is like
On a-Jupiter and Mars
In other words, hold my hand
In other words, you might miss me

Fill my heart with song
And let me sing forevermore
You are all I think of, all I wish for, and adore
In other words, please be true
other words, I love you

Sally – Course set! And here we go!

Zoom Zoom Zoom

Zoom, zoom, zoom, we're going to the moon!
Zoom zoom zoom, we're going to the moon!
If you want to take a trip
Climb aboard my rocket ship
Zoom zoom zoom, we're going to the moon!

Aiken Drum

There was a man lived in the moon
Lived in the moon, lived in the moon
There was a man lived in the moon
And his name is Aiken Drum.

And he played upon a ladle
Ladle, ladle
And he played upon a ladle
And his name is Aiken Drum

And his hair was made of spaghetti
Spaghetti, Spaghetti
And his hair was made of spaghetti
And his name is Aiken Drum

And he played upon a ladle
Ladle, ladle
And he played upon a ladle
And his name is Aiken Drum

(Class makes up 2-3 more verses of food items Aiken Drum is made of and sing about those
TBD)

The Final Countdown *by Europe*

We're leavin' together
But still it's farewell
And maybe we'll come back
To Earth, who can tell?
I guess there is no one to blame
We're leaving ground
Will things ever be the same again?

It's the final countdown
The final countdown

Oh
We're headin' for Venus
And still we stand tall
'Cause maybe they've seen us
And welcome us all, yeah
With so many light years to go
And things to be found
I'm sure that we all miss her so

It's the final countdown
The final countdown
The final countdown
