SINCE I KNOW THAT
7+7 = 14, I KNOW
THAT 7+8 = 15

Solve the equations.

Since $5 + 5 = 10$, I know $5 + 6 = \boxed{}$.

Since $7 + 7 = 14$, I know $7 + 6 = \boxed{}$.

Since $8 + 8 = 16$, I know $8 + 9 = \boxed{}$.

Since $6 + 6 = 12$, I know $6 + 7 = \boxed{}$.

Since $5 + 5 = 10$, I know $5 + 6 = \boxed{}$.

Since $9 + 9 = 18$, I know $9 + 8 = \boxed{}$.

Since $8 + 8 = 16$, I know $8 + 7 = \boxed{}$.

Since $6 + 6 = 12$, I know $6 + 8 = \boxed{}$.

Since $5 + 5 = 10$, I know $5 + 7 = \boxed{}$.

Since $7 + 7 = 14$, I know $7 + 9 = \boxed{}$.
