

The Sperling Song - Soar Like An Eagle

It starts with a little joy
'Cause we're gonna have a real good time
I'll show compassion towards everyone
'Cause this community is mine

Where I can feel safe
And we always include
Everything that makes me me
And everything that makes you you

**I will soar like an eagle
Rising to the sky, my wings will never tire
I will find my success, and we will build our future
Together with the values we inspire
At Sperling we will lift ourselves up higher**

Learning isn't always easy
But I will always persevere
'Cause when we learn to keep on trying
The opportunity is clear

I will respect myself
And my neighbours too
Everything that makes me me
And everything that makes you you

**I will soar like an eagle
Rising to the sky, my wings will never tire
I will find my success, and we will build our future
Together with the values we inspire
At Sperling we will lift ourselves up higher
 **Together with the values we inspire
 At Sperling we will lift ourselves up higher****
