The Centre for Heart Lung Innovation (HLI) is a world-class institution focused on developing solutions to cardiopulmonary diseases. We want to inspire and connect with young people who have an interest in experiencing life science research. Eight students will be selected to join our labs for a full week and will be eligible to apply for the 2019 Peter D. Paré Science Scholarship, a summer internship at HLI.

Once-in-a-lifetime opportunity to experience what working in a life science research lab is all about like

- light microscopy ● confocal microscopy ● histology ● protein & DNA analysis ● careers in life science
