

December 1, 2023

---

- BUDDIES
- FLEX
- MUSIC
- FREE TIME FRIDAY

December 4, 2023

---

- FRENCH
  - Students reviewed their homework from last day
  - Students reviewed the way that the negative is formed in French, and the changes that happen when using definite or partitive articles
- SCIENCE
  - Students finished building their Newton's Cradle and completing their reflections
- MATH
  - Students continued working on their golf course builds

December 5, 2023

---

- SEL
  - Students continued working on their comic strips - illustrating a challenging time they experienced and the negative story they told themselves at the time
- ART
  - Students began working on cardboard "gingerbread" houses
- ELA
  - Students presented their Breadwinner Trivia

## December 6, 2023

---

- SEL
  - Students began working on their positive spin comic - taking the same challenging situation and illustrating it to represent how it could have been different if the story they told themselves in the moment was more positive
- ELA
  - Students finished their Breadwinner Trivia presentations
- MATH
  - Students continued working on their math miniature golf courses

## December 7, 2023

---
