

Outdoor Classroom Day Activities

1. Have a picnic outside in your backyard or front yard or on your balcony!
2. Find a book and read outside.
3. Act like a scientist and document your findings on a nature walk. Make sure you create a detailed picture and label the parts. Use a fine liner to make your lines stand out.
4. Write about or draw the nature you can see outside your window.
5. Create a nature den- add plants, use nature colours and play sounds.
6. Spot animals out of your window and imitate them.
7. Draw a picture or write and share your favourite memories of playing in nature.
8. Play a nature-based game of 'I spy' out of your window.
9. Make a pinwheel, open the window and find out how windy it is.
10. Nature Charades.
11. Go for a walk and notice what sounds you hear in nature.
12. Taboo
 1. Choose a nature word and try to get someone to guess what it is without naming what it is.
13. Spot clouds and keep a journal of all the things you see in them.
14. Make a nature scrapbook- things you can hear, see, and feel.
15. Sing nature songs out of the window or on the balcony.
16. Not a Stick- Read the book (youtube) and find a stick that you can turn into something new. Snap a photo and share it with your teacher!
17. Collect loose parts in nature and create a picture with them. Make sure you put them back in nature when you are done!
18. A-Z walk.
 1. Find items outside that start with A-Z and make a list
19. Use mud and water to create a piece of art.
 1. You can add it to paper
 2. You can create a sculpture
20. Colour hunt.
 1. How many colours can you find outside?
 2. How many different shades can you find?
