

# Division 13 November Newsletter

## Outdoor Classroom (Everyday)

We will be going outside rain or shine, so please ensure your child has appropriate weather attire. It is helpful to have rainboots at school for outdoor classroom as the kids love to explore and get their feet wet in the creek.

## Outdoor Classroom Day

**Thursday November 5** is outdoor classroom day. On Thursday, we will be spending the full day outside learning with Ms. Toor's class. We do this in celebration and recognition of the importance of outdoor play. Through outdoor learning children build an ecological identity, resilience, relationships, and develop balance and coordination that is good for their physical and intellectual development.

## Scholastics

A flyer should be coming home soon but you can also look online for this month's flyer and deals at the scholastic website.

Class code: **RC124055**

## Our learning

This past month we have continued to use Jolly Phonics to learn more about letter recognition and letter sounds. We have worked through the majority of the alphabet and students are continued to practice blending sounds. Students have learned our routines and are excited about learning. We are continuing to learn how to be safe in our space together.
