# Division 13 November Newsletter

## Outdoor Classroom

During this time your child will have opportunities to build and strengthen their connections to their peers, nature, and their learning. They will be encouraged to explore and ask questions. We will be going outside rain or shine.

Please ensure your child has appropriate weather attire each day as their recess and lunch is also outside rain or shine.

Things to consider for rainy days.

- Rain boots, rain coat, splash pants

\*Rain clothes can be left at school if that is your preference.

## Library

Please return books as soon as you are finished with them or by Wednesday each week.

## Scholastics

If anyone is interested in ordering books through scholastics our classroom code is listed below.

Class code: RC124055

## Our Learning

This month we have been learning a lot about fall and pumpkins. In math we are learning to skip count and subitize (Identify without counting) numbers to 5. We are a kind, helpful, and friendly community of learners this year.

## Thank You!

Thank you everyone who has been joining us for family reading. Thank you to those that attended math games night! It is wonderful being able to make connections with you and for the kids to share their learning with you!

Thank you to our two families who have made playdough!
