Our Learning

This past month we have continued our work in learning more letter sounds. We have also been practicing printing and beginning to focus on using lower case letters more consistently. We have begun to use Elkonin boxes to identify the sounds in a word and begin to spell words.

In Science, we have been learning about Space. We have learned about the Sun and the moon so far and in the next few weeks we will learn about the planets. In math, we have been continuing to practice counting, making/decomposing 5 and exploring patterns.

Reports will go home on December 14.
