

The Virtual Classroom – Week 5

Here are 15 activities to try this week. Try 3 per day.

You can email me your results and even include pictures of your creations. Good luck, have fun and wash your hands – Jayson.ricker@burnabyschools.ca or rickerjay24@gmail.com .

<p>Read a book or article about a new topic for you. Before you read, write down ideas about what you already know about the topic and any questions you may have.</p>	<p>Play Integer War Game: All black cards are positive. All red cards are negative. Players turn over TWO cards and have them add, subtract or multiply the integers. The student with the highest result wins. You will need a deck of cards and “face” cards are worth 10.</p>	<p>Go for a walk, bike ride, jog and identify at least 10 things/markers to track your route. It’s like a scavenger hunt on the go!</p>
<p>Write a letter to yourself that could be placed in a time capsule for others to read 10 years from now. Write about how you are feeling and what activities you are doing to keep yourself busy while staying at home.</p>	<p>Have a scavenger hunt for real-world examples of perpendicular lines (e.g., lines of mortar of a brick wall)</p>	<p>Trash can Basketball – Use recycled paper or newspaper and a clean bin. Take 100 shots with your ball of paper and track how many you make.</p>
<p>Create a treasure map of your house or your backyard. Give it a title, labels. Next, write out directions for a younger child to follow to help them find the treasure you have hidden.</p>	<p>Write down the numbers you see on 2 license plates. Create 4 math problems with these numbers. Ask a family member to solve them.</p>	<p>Find at least three songs of your choice which have varying tempos (pace or speed). Run, jog, skip, walk to the music. You might find some songs are great for running along with.</p>
<p>Talk to your family members about how they are feeling during this time. Talk about ways you can help each other.</p>	<p>Measure the perimeter of two different windows in your home. Find the difference of the perimeters.</p>	<p>Create a yoga routine for relaxation. You may want to look up some poses such as child’s pose, hero’s pose, bridge, upward & downward dog.</p>
<p>Think about a simple fairy tale like “The Three Little Pigs” or “Little Red Riding Hood”. Re-write some of the characters or change the ending of the story.</p>	<p>A number includes two 7-digits and two 4-digits. One 7 is worth 100 times as much as the other. One 4 is worth 10 times as much as the other. What number could it be?</p>	<p>Create the events for an “Animal Olympics 2020”. What would be the events? Who would participate? Justify your choices.</p>
