

Unité 1 : Au Restaurant

In groups of ~3, you will create a skit about a server and two customers at an original restaurant. The customers should enter the restaurant, ask for a table, order from the menu, and then ask for the check at the end of the meal. The waiter/waitress should respond appropriately and write down the customers' orders on a piece of paper. At some point in the meal, there needs to be an issue. Some examples may include: a customer would like to know what exactly is in one of the dishes on the menu; the meal arrives with an issue (wrong order, hair in the food...); there is a problem with the bill...it is up to you. This can be a live performance, or prerecorded.
