

Week 2
April 20th to 24th

'Bee' Kind to the Earth!

Division 10's Learning Adventures

Monday

Tuesday

Wednesday

Thursday

Friday

<p>Readers & Writers - Story Workshop.</p> <p>Please gather 10 materials from around your house and place them on a tray or sheet of paper. Use your imagination to play with the objects and you will find a story. Remember, you don't have to use all the objects for your story, but you can if you wish. You can take a picture, draw or write some words to remind you of your story on Wednesday.</p>	<p>Readers & Writers - Journals.</p> <p>Please Complete the sentence 'Something I'm good at is</p> <p>Please hand in, under Assignments in Teams</p>	<p>Readers & Writers - Story Workshop.</p> <p>Visit your storyboard again. Where is your story happening? Who are the characters? Do they have names? Are any of the characters having a problem? Think of how your story will end. What is the title? Now tell your story to an adult and see if they have any questions or if they need to know more.</p>	<p>Readers & Writers - Reading</p> <p>Listen to Elephant and Piggie 'The Thank You Book' (Link in Thursday channel)</p> <p>Draw a picture of you saying thank you to someone. It can be someone in your home, a friend, the postman, you choose. Click on reply if you'd like to share your pictures.</p>	<p>Readers & Writers - Story Workshop.</p> <p>Capture your story. Maybe you could write some words or sentences or draw a picture. Some other ideas are to make a storybook, take a picture of the objects or act out the story in a play or dance.</p> <p>Note to parents: <i>The children often tell many details. If possible, write these down for them. They love to own their stories and may tell them over and over again.</i></p>
<p>Mathematicians - Geometry</p> <p>The first shapes we are going to explore is 2D shapes or we can call them "plane" shapes. See if you can find any 2D or "plane" shapes in your house. Record your answers on the computer or on a piece of paper. There is a shape worksheet on Teams. If you can't get on teams then, Can you make a picture from "plane" shapes? If you can, take a picture of your shape creation or tell me what you discovered.</p>	<p>Mathematicians - number combinations with 10</p> <p>How many ways can you make 10? Find 10 objects and use them to make 10. If you'd like you can practise writing them $7+3 = 10$ or take a photo of one of your examples.</p>	<p>Mathematicians - Geometry</p> <p>For earth day, create an underwater scene with lots of fish using shapes to draw them.</p> <p>Singing Shapes with Baby Shark https://www.youtube.com/watch?v=9AXmg50BifY</p>	<p>Mathematicians - Ways to Make 10</p> <p>Find 3 ways to make 10. Have a look at the worksheet. You do not need to print it (unless you want to), you can draw it on paper.</p>	<p>Mathematicians - Friday Math 'Funday'.</p> <p>What can you discover about numbers? You can play a board game, play a card game, build with blocks, draw a hopscotch with chalk outside and count by twos. Tumble Math books or a math game on one of the sites on the Blog or even minecraft if you have parents permission.</p>
<p>THE LIBRARY - Check out Ms Carson's activity on Teams. If not Check out her Blog. You can get there from our Blog in the Library menu.</p> <p>"WEEKLY QUESTION" - Would you rather have feathers or scales?</p> <p>MUSIC - Check out Ms Veikle's blog.</p>	<p>Wellness Explorers - Wellness Week Exercise. This week we are focusing on Jumping. Jumping is a key movement skill and fun to practise. See the video in teams for examples of different ways you can practise.</p>	<p>Enviro Wizards - Earth Day April 22</p> <p>It is Earth Day today! Make a sheet or book of 'My Happy Earth'. Draw a picture to go with your answers.</p> <ol style="list-style-type: none"> 1. What is your favorite outside place? 2. What is your favorite Animal? 3. What is your favorite plant? 4. What is your favorite Food? 5. What can you do to help the earth be healthy? 6. What is your favourite Season and weather? 7. Your Choice about Earth. 	<p>Wellness Explorers - Quiet Time</p> <p>Finding time to spend a few minutes each day quietly makes us feel so good.</p>	<p>Creators - Making Art from recycling and nature</p> <p>Please create a picture or sculpture for Earth Day. You can glue bits of material to create a picture. You could draw a picture with an important message. You could build a sculpture or building out of empty egg cartons, empty boxes or empty drink containers. The sky is the limit. Create with what you have. Don't forget to take a picture and show me on Teams, if you want to and have permission.</p>

- Please remember to read or listen to reading everyday - (3 ways to read)
- This week we are working to get everyone on Epic Books and some other sign in places to help you learn.
- You are doing great! No matter where you are in your learning. Keep smiling and learning. We are so very proud of you.
