Monday

Tuesday

Wednesday

Thursday

Friday

<p>Readers: Read EPIC books, RAZ kids, LEXIA, or Headsprout</p>	<p>Readers: Read EPIC books, RAZ kids, LEXIA, or Headsprout</p>	<p>Readers: Read EPIC books, RAZ kids, LEXIA, or Headsprout</p>	<p>Readers: Read EPIC books, RAZ kids, LEXIA, or Headsprout</p>	<p>Readers: Listen to Reading on Teams</p>
<p>Readers and Writers: <u>Exploring the "Amazon Rainforest". (Tropical)</u> Please start an 'Observation' Journal page. Put your name and date at the top along with the title "The Amazon Rainforest" 1. Write /draw what you wonder about "The Amazon Rainforest". 2. Write/draw what you think you know about this rainforest. (Look in teams for more instructions)</p>	<p>Readers and Writers: Journal: Things that make me happy - hand in assignments (Look in teams for more instructions)</p>	<p>Readers and Writers: <u>Exploring the "West Coast Rainforest". (Temperate)</u> Please start an 'Observation' Journal page. Put your name and date at the top along with the title "The West Coast Rainforest" 1. Write /draw what you wonder about "The West Coast Rainforest". 2. Write/draw what you think you know about this rainforest. (Look in teams for more instructions)</p>	<p>Readers and Writers: Writing: Listen to Henry & Leslie story. Write about why you like being you. (Look in teams for more instructions)</p>	<p>Readers and Writers: Writing a story. I would like you to think about forests and trees. Gather 10 items that will help you think of a story about trees & forests. Play with your items and write/draw your ideas. Please write/draw/tell the story you created.</p>
<p>Mathematicians: Puzzles are Math. I have provided a link to a Rainforest picture on Teams that you can print, colour and cut into square puzzle pieces. If you cannot print this puzzle, can you Draw a Copy of this picture or Draw and Colour your own rainforest picture and create a puzzle? What shapes did you use? (Look in teams for more instructions)</p>	<p>Mathematicians: Place Value 1's and 10's. Watch the video lesson and see the worksheet</p>	<p>Mathematicians: 3D shape house or town Have you ever made 3D shapes out of paper? If you have permission use paper, tape, glue, scissors and see if you can make shapes out of paper? What other shapes can you make out of paper? Can you build a paper house or town?</p>	<p>Mathematicians: Place Value 1's and 10's. Listen to the place value song and see worksheet</p>	<p>Mathematicians: Friday Math 'Funday'. What can you discover about numbers? You can play a board game, play a card game, build with blocks, draw a hopscotch with chalk outside and count by twos. Tumble Math books or a math game on one of the sites on the Blog or even minecraft, if you have parents' permission.</p>
<p>'Wonder' the World: Mystery Science: Exploring "How is glass made?" (Look in teams for more instructions) Please write/draw a 'Wonder and Explore' page showing your observations and wonders about glass.</p>	<p>Wellness Explorers: Wellness Exercise: Aerobic Activity (Huffing and Puffing Exercises)</p>	<p>Wellness Explorers: It is great exercise and fun to dance. There is a link in Teams on Wednesday's channel, to get your body moving and healthy. It is called the "Good Energy Flow" from Go Noodle. Make up your own dance with lots of energy, to one of your favorite songs.</p>	<p>Wellness Explorers: Wellness Activity: Listen to the feelings song: Draw a picture of 4 different feelings</p>	<p>Enviro'Wizards': In My Garden. Do you remember the seed potatoes we planted in February? I have pictures in Teams. I would like you to find something growing in your yard or garden? Please draw a picture and use words to describe what plant you see, is growing. (Look in Teams for more)</p>
