

# Reflection Sheet for Music

April - June 2020

Dear Students and Families,

During this unique time, music specialists have noticed that the power of music continues to provide a source of comfort, joy, and creative inspiration to everyone!

Through Mrs. Fierro's Blog, and the postings within, there have been opportunities for you to continue to grow as a musician.

Below are some guiding questions for you to keep in the back of your mind as we journey through our third term of music. Parents are very welcome to help students by scribing answers, discussing the questions, and supporting students as they follow a different path of learning.
