Mosaïque Tâche Finale

We've come to the end of the unit and it's time for you to show off what you've learned and this presentation is all about you! You should think about your dominant personality types and choose a presentation that best suits you. This will be an oral presentation (in French!) and you can either record it, or present it live! Your presentation should be at least 7 sentences long.

Choose ONE of these presentations:
- Show us your favourite artistic creation (and talk about it) - Artistique
- Tell us about your favourite book - Linguistique
- Solve a math problem - Logique
- Do a (really) basic science experiment - Logique
- Show us how to do a skill (like a sport, play an instrument) – Musical / Physique
- Tell us about their favourite animal(s) – Naturaliste
- Interview someone - Sociable
- Your own idea (you need to get Mme Romain's approval first)
